

(a) Study 4 design

Consider Alice and Barbara, who work in the same field.

Alice and Barbara are in a relationship where Alice has (*equal* / *less* / *more*) power, status, or influence.

[First time response]

The first time, when Alice and Barbara met, who bought and brought coffee to the meeting for both of them?

Alice bought and brought coffee to the meeting / Barbara bought and brought coffee to the meeting

[Observed first time]

The first time, **Alice** bought and brought coffee for the meeting for both of them.

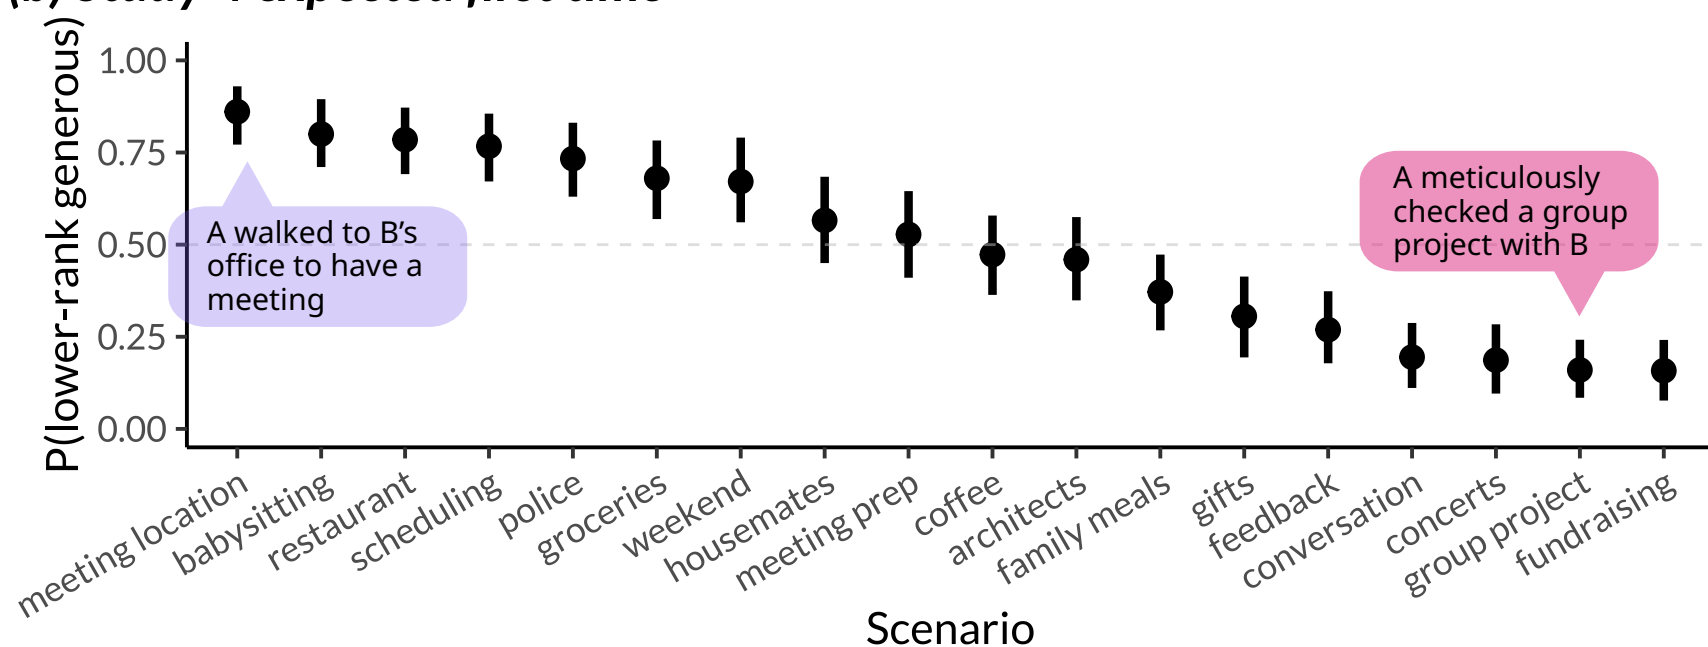

[Next time response]

The second time, Alice and Barbara met, who bought and brought coffee for the meeting for both of them?

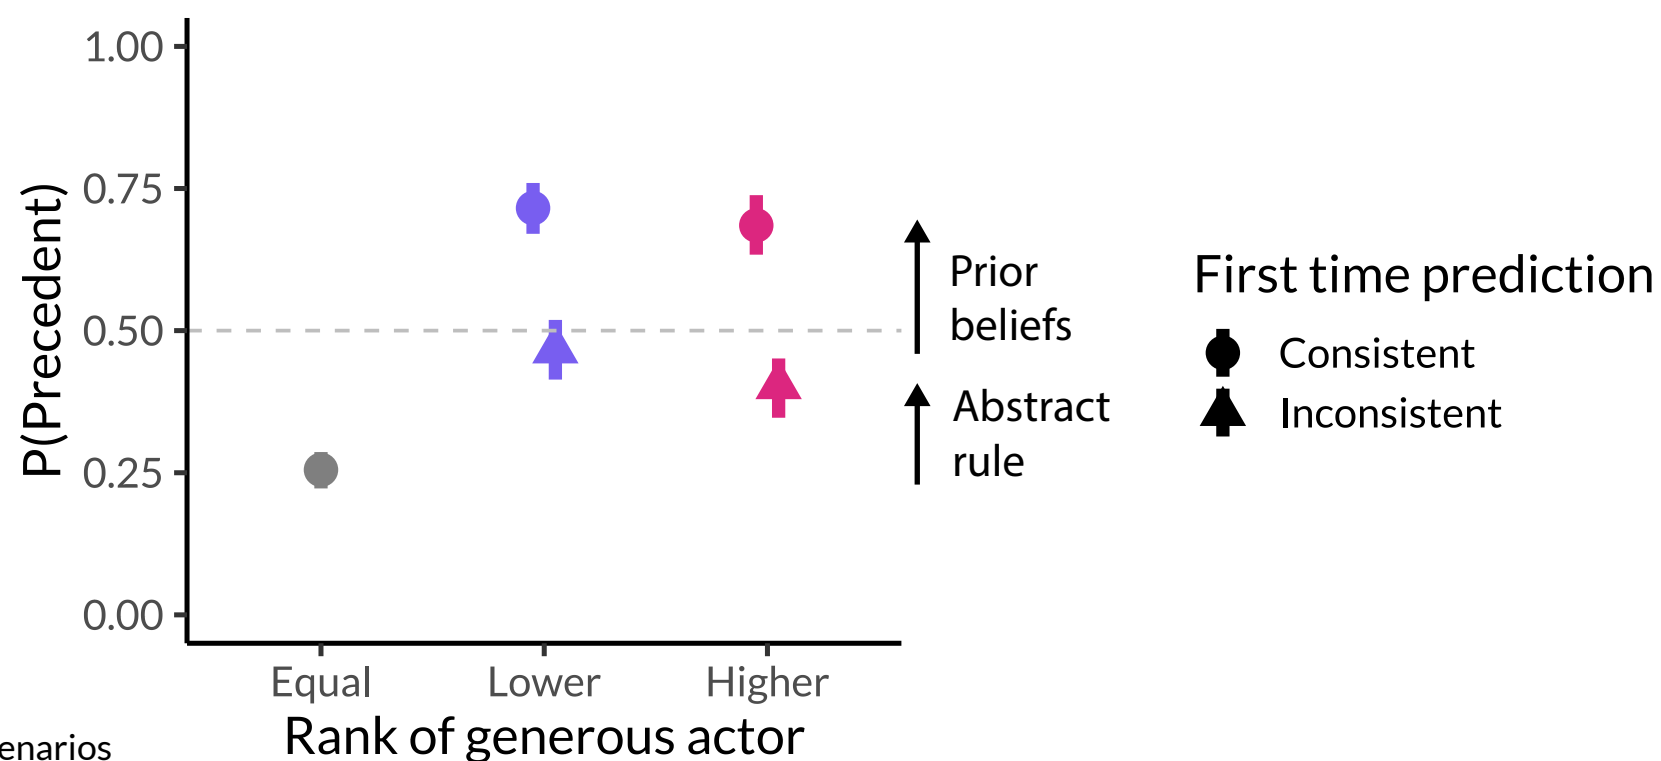

Alice bought and brought coffee to the meeting / Barbara bought and brought coffee to the meeting
