

(a) Study 5 and 6 design

At the end of a ritual, the sacred objects must be returned to their keeper. Someone must carry the heavier object and someone must carry the lighter object. You and Fadi are in a relationship where Fadi has (*equal / more / less*) power, status, or influence than you.

[First time response]
You and Fadi are participating in this ritual for the first time. What do you do? Carry the lighter object / Carry the heavier object

You chose to (carry the lighter object / carry the heavier object). Fadi chose to carry the heavier object. The interaction was (**smooth** / awkward).

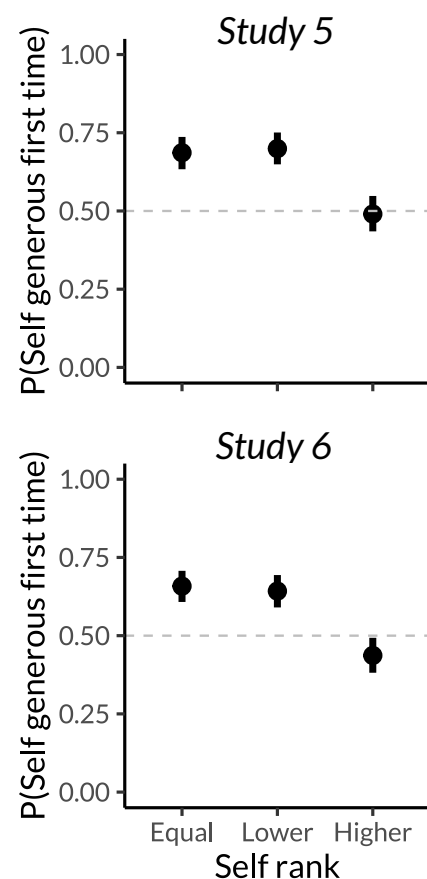

[Second time response]
You and Fadi are participating in this ritual for the second time. What do you do? Carry the lighter object / Carry the heavier object

(b) Payoff structure

		Self			
		Receive	Give		
Study 5	Give	1 1	0 0	Partner	Give
	Receive	0 0	1 1		Receive
		Self			
		Receive	Give		
Study 6	Give	2 1	0 0	Partner	Give
	Receive	0 0	1 2		Receive

6 scenarios

(c) First time choices

(d) Second time after coordination

(e) Second time after failed
